**STATE MEETINGS, UTILIZING VIDEO CONFERENCING**

**WHEREAS:** Travel to Denver from most Western Slope communities continues to be difficult, and air service has not improved; and

**WHEREAS:** Numerous state agencies, boards, commissions, task forces, and committees deal directly with issues that affect Western Colorado; and

**WHEREAS:** CLUB 20 and its constituents are vitally interested in all issues that affect Western Colorado; and

**WHEREAS:** CLUB 20 and its constituents must bear the unnecessary burden of time and expense to properly represent Western Colorado with respect to those issues; and

**WHEREAS:** There was a project to connect state buildings with one another with video conferencing capabilities in order to improve communication with outlying areas; and

**WHEREAS:** This project has not been completed and video conferencing is still not available in all core state buildings, and those which are equipped do not always effectively utilize the ability to video conference;

**NOW THEREFORE BE IT RESOLVED** that CLUB 20 encourages the State to complete the wiring of all core state buildings for I/P enabled video conferencing equipment and to use those facilities once in place.

**BE IT FURTHER RESOLVED** that a copy of this resolution be forwarded to the appropriate state agencies.

**Adopted September 7, 2001**
