## **TR 96 2**

### **Public Education on Transportation Funding System**

**WHEREAS** there is a poor understanding among the general public in Colorado about the crisis of funding transportation in this state,

**WHEREAS** a sound public understanding of that system is vital to its continuation, especially during a time when such an enormous shortfall in revenues encourages discussion of present and new funding sources;

**NOW THEREFORE BE IT RESOLVED** that CLUB 20 urges the undertaking of a public information campaign to increase public awareness of:

- 1) Current and future transportation system needs,
- 2) Current transportation funding shortfalls and future anticipated shortfalls, and
- 3) The statewide transportation system planning process and the public's role in that process,
- 4) Cost in state transportation funds for administration – environmental (EIS), road construction, etc.
- 5) Their individual contribution to transportation funding and the result of that contribution.

**Adopted March 1, 1996**

**Amended September 10, 2004**

**Amended 4/9/10**
