**92-9 WA 1**  
**EPA DRINKING WATER REGULATIONS**

**WHEREAS:** The Environmental Protection Agency is promulgating regulations on domestic drinking water supplies which are restrictive, costly, and in some cases unnecessary, and

**WHEREAS:** Such regulations may not be based upon scientific evidence of health problems, and many small towns' water supplies may already be safe and healthy, and

**WHEREAS:** The cost of implementing such regulations is estimated to be exorbitant, especially to small communities, and

**WHEREAS:** There has been no cost-benefit analysis of the proposed regulations, .

**NOW THEREFORE BE IT RESOLVED** that CLUB 20 opposes enforcement of the new regulations by the Colorado Health Department and the Environmental Protection Agency until reasonable and cost-effective alternatives can be implemented.

**Adopted September 18, 1992**
