**03 – 9 WA 2**  
**Funding Authority for Water Projects**

**WHEREAS** there is a need for additional water storage in Colorado, and the development of such storage will be expensive and may require additional funding authority for the project proponents; and

**WHEREAS** there is the potential that some proposed water projects may have adverse impacts to the Western Slope community;

**NOW THEREFORE BE IT RESOLVED** that CLUB 20 supports the pursuit of additional funding for development of water projects only when such projects include appropriate local comments, controls and mitigation for adverse impacts to affected communities.

*Adopted September 5, 2003*
