## **UNION PARK WATER PROJECT**

### **93-3 WA 1**

**WHEREAS** a water project has been proposed in Union Park to divert water from the Upper Gunnison River basin to Front Range water basins, and

**WHEREAS** the water court has consistently ruled that a sufficient amount of unappropriated water does not exist to support this project, and such a project could jeopardize existing water rights and downstream needs;

**THEREFORE BE IT RESOLVED** that CLUB 20 opposes any Union Park water project, or any other proposed transmountain diversion project in the Upper Gunnison basin, unless there is evidence that adequate water supplies exist to support such a project without injuring existing water rights.
